PROJECTS

Life Expectancy Predictions project on Machine Learning

Aug 2019 - Aug 2019

<https://github.com/mohitnain6/databucket.git>

The project tries to create a model based on data provided by the World Health Organization (WHO) to evaluate the life expectancy for different countries in years.

Skill used-pandas, numpy, scikit-learn, matplotlib, python

Credit card fraud detection

Aug 2019 - Aug 2019

<https://github.com/mohitnain6/databucket.git>

This is used to build a classifier that can detect credit card fraudulent transactions, I used a machine-learning algorithm that will be able to discern fraudulent from non-fraudulent one.

Skill used-pandas NumPy, sci-kit-learn, matplotlib, python
